### **I. Project Updates**

- Aspen 1 – New Brighton has not gone to hearing because of the zoning ordinance changes going on.
- Connector – main problem are deadlines that involve forwarding money to SACOG. We are having frustrations getting SACOG to develop something specific enough to help us.
- Housing elements – skipped for now. Veronica is out.
- Sports and Entertainment Complex – attorneys are filing briefs. As of a meeting a few weeks ago, Roger Dickinson seems interested in exploring ways he can help.
- Sacramento Commons – To be rescheduled.
- Elk Grove – moot because it's been approved.
- Russel Ranch – comments done.
- Mather South – comments made.
- City General Plan Update – Land Use section not really being changed. Terry Preston was working on this.
- Zoning – billboards and connectivity have been commented on.

### **II. Land Use Objectives in ECOS Strategic Plan -**

The objectives seem too urban core-oriented for the Land Use committee goals.

### **III. CEQA updates** – very little to report, per Andy Sawyer.

### **IV. Project monitoring** – list was updated and changes made to tracking list.

The next meeting is October 13<sup>th</sup>, Columbus Day.
