The following questions will help guide deliberations on issues within each element:

- For this element, what's in the existing agreement?
- What are the interests and principles each caucus has related to the work group topic?
- What are the questions each caucus has related to this work group topic?
- What are the linkages between this element and other elements?
- How might any of the overarching issues impact our approach to this element?
- Are there new local, state or federal regulations that address this element? If so, how and what implications might that have on the WF II approach to this element?
- Does the current Water Forum agreement miss any key issues or interests associated with this element?
- What assurances or caveats are needed for this element?
