RE: City Council July 19, 2022 Agenda Item 26 - Youth Mental Health and Climate -- Placement of the Sacramento Children and Youth Health and Safety Act on the November 8, 2022 Ballot and Administrative Approvals Associated with the Measure

Dear Mr. Mayor and Council Members,

Thank you for the opportunity to comment. In the Council's deliberations on a possible Sacramento Children's Fund for children and youth, ECOS urges you to consider directly linking youth mental health and climate change in the proposed uses and goals of the Children's Fund. Within this framework, it would be reasonable to use funding for parks and walks and bikeways to school, in service of a healthy environment, in addition to the social service and career counseling uses noted in the staff report.

Sincerely,

Susan Herre AIA AICP
President of the ECOS Board of Directors
