

**March 22, 2023**  
**Water Committee Agenda**  
**6:00 to 7:30 pm**  
[ECOS ZOOM 6656164155](https://www.ecos.org/join-meeting/6656164155)

- 1. Welcome and introductions** – Ted Rauh, 5 minutes
- 2. Water Forum March 29 presentation on GAP analysis to ECOS** – Ted, 5 minutes
- 3. Final 2023 list of Committee issues** – Committee, 10 minutes. The final draft issues list was distributed to Committee members in advance of the meeting. Any last-minute changes will be made. The final list will be published on the ECOS web page by April 1. Committee members have identified issues they want to be involved with and/or lead. Any last-minute changes to these designations will be made.
- 4. Earth Day Planning** – Committee, 15 minutes. Final planning for Earth Day Celebration table. Review committee member suggestions for graphics and content for presentation. Discussion of member ideas and efforts to enroll other organizations to include issues in their tabling. Final schedule of times for members who are helping tend the table.
- 5. Discussion regarding further follow-up resulting from ECOS letter to DWR re. public participation and quality of annual GSA reports** – Committee, 10 minutes. The Committee's comment letter has had some repercussions within the water purveyors.
- 6. Updates on GSA fall well monitoring and 2022 annual reports** – Committee members tracking GSAs, 15 minutes
- 7. Water Forum Agreement 2 Update** – Committee member participants, 10 minutes. Question – Committee interest in beginning discussion of a regional water solution.
- 8. Committee ongoing work and roundtable** – 20 minutes
  - Follow up with RWA on CoSANA model - Neil
  - Sac City and County Climate Action Plan status - Ted
  - Turf Replacement Study status - Katrina
  - Water Forum language dealing with inclusiveness and public participation – Inga
  - Others
