Thank you again for expressing support for saving the remaining open space in Natomas. We need your help NOW!

The Draft Environmental Impact Report (EIR) for the Airport South Industrial Project (ASI) has been released for its 45 day comment period.

LAFCO (the agency that approves or denies annexations) has set a public hearing on June 12 at 5:30 to hear from the community about this document. Please consider attending, you can speak or simply hold up a piece of paper that says “NO to ASI” while we speak.

We are not ready to comment on the EIR, but we are ready to tell the LAFCO members that we do not want this land annexed to the city and we don't want warehouses built next to a school and a neighborhood on land that should be protected from development. The cumulative impacts of this project are adverse and cannot be adequately mitigated.

### TAKE ACTION:

1. Write to LAFCO and tell them that you oppose this project. We have attached a template to use to send your comments.
2. And/Or attend the meeting with us on June 12 to speak or to hold a sign “No to ASI”. Please give yourself time to go through security and find us so we can sit together. If you wish to speak, give your speaker slip to Jude Lamare and she'll submit them together.

The timeline is short! We have until Wednesday June 12, 3 pm to send in comments.

Attached is a one page Status report and a template here to use to send in your comments.

Links for more information:

- LAFCO - See the agenda, information for speakers, address etc here. Airport South Industrial is item #5.
- The EIR is here on the City website. It is a huge document but it does have an executive summary!
- We have updated the Natomas website here. Please make a donation to help us pay for experts to review and comment on the EIR.

Thank you for joining us and for supporting this effort.

Cindy, you didn't get this? Could you check your spam? I guess I should send this to the Google group and folks on my 4 Seasons group.

We sent this out today - hoping to get some participation on June 12. Also to reach out to the 30 new people. It went to our email list of 600+.

To: Edith Thacher <egthacher@gmail.com>, Oscar Balaguer <oscarbal@hotmail.com>

Thank you! I will see if people can be there. One of our team leads, [@Oscar Balaguer](#), has expressed interest in us doing a presentation at a later date. He would not necessarily be the one doing it, but he and I can talk with you about it further.

Edith,

I spoke with Kim on Friday afternoon late, and I've looked at the email you sent in on Saturday. I think it would be good if I join the call on Tuesday. I'd love if that's OK with you could you send me the info?

Shannon and I are meeting regarding your map request tomorrow.

Warmly,

four waters
